

THE UNIVERSITY
of ADELAIDE

Notes for Parents and AMEB Candidates

The AMEB places a high priority on working with teachers to support candidates and parents.

In the lead-up to an exam you or your child will have been prepared according to an AMEB syllabus. The exam focusses candidates' learning and acknowledges achievements against national standards. The report includes helpful feedback intended to facilitate future success.

AMEB Calendars list dates for exam sessions and entry closing dates. They can be viewed on the state web page at www.ameb.adelaide.edu.au

Entry forms are downloadable from the state website. If you are completing the form for your child please refer to the **Teachers' Handbook**, also on the state website. Subject codes, exam fees, transfer fees and late fees are listed under the heading **Entering for an AMEB Exam** to the left of the screen

Confirmation slips are emailed to teachers three weeks before the exam. Please print your slip and bring it to your exam. Include composers' names when completing repertoire details.

Transfer fees are required for changes to schedules, but transfers within a session are not possible. Please communicate unsuitable dates for the exam to the teacher before the closing date or list them on the entry form you complete.

Reports are generally processed and posted to teachers seven working days following the exam.

Grades are awarded from A+ (High Distinction) through to D (Unsatisfactory) and each grade is explained on the reverse of the report form. Candidates achieving a Pass or higher are encouraged to move to the next grade and careful reading of the report is important for future success.

Certificates: Metropolitan Adelaide candidate certificates are held at the AMEB office for collection to avoid damage in the post. Teachers are advised of certificate collection dates when they receive the reports. They are held under the teacher's name, but parents and candidates are welcome to collect them. Lost or damaged certificates can be replaced for a cost of \$20.

**Congratulations on choosing to use the national benchmark in
music education.**
